"The Year That Was"

Gently Slowly Sweetly

Gently, slowly, sweetly: rain falling from the sky
Covering the ground below as the day passes by
Memories are made than memories fade to dust
Friendships become stronger; in those friends we trust
Gently, slowly, sweetly; snow slips to the ground
Blanketing the scene below while a new day is found
Lessons learned and lessons forgotten drift through the mind
Better years not a soul could ever dream to find
Gently, slowly, sweetly, violets bloom from the earth
silent sunrise upon fresh faces, gives us all our worth
Hopes and dreams became stronger as days disappear
Children grow taller, taking steps forward without any fear.
Gently, slowly, sweetly time grasps us by the hand
Taking us to unknown corners of a new and beautiful land
Gently, slowly, sweetly new memories are made each day
Memories making us all stronger to send us our own way...

Simple Thoughts

In simple minded ways,
On simple minded days,
We often come across,
The deepest of thoughts,

Thoughts of fun times,
Of rapture and glee,
Thoughts of good times,
Of the friends that we'd be,

Listening to each other's thoughts,
With our minds and with our ears,
Listening to the dreams we share,
And finding consolation in our fears

Looking yet not seeing,
Touching yet not feeling,
Believing yet not knowing,
How the world can keep us reeling,

Yet it's in these thoughts
Wandering near and far,
That determines what's within us,
And tells us who we are,

In simple minded ways,
On simple minded days,
We often come across,
The deepest of thoughts.

2004 Yearbook Dedication

This yearbook is dedicated to Mr. Marshall Prouty. Mr. Prouty has been a constant figure in the MSJ community for all four years of our highschool careers. He was a mainstay for many years even before we arrived. Mr. Prouty sits through classes with us on occassion and offers his ideas, which add a new dimension to many discussions. Mr. Prouty is an active part of the MSJ chorus, participating everyday in class and singing at each concert. The determining factor for this year's dedication was the everpresent smile on his face and the twinkle in his heart. So we, the Class of 2004, lovingly dedicate this yearbook to Mr. Marshall Prouty.

Dear Sr Kathy...

Dear Sister Kathy,
Do you have any advice for
the graduating class of 2004?

-Anonymous

Dear Seniors,

As I pen this letter of encouragement, I know that from October to May, I will learn much more about each of you and from each of you. So please take my words written in October now, as inspiration for the future.

Let me first say Thank You for the opportunity to know each of you, by name; to have been walking with you when you overcame your failures, and been next to you during your successes and all of your accomplishments. You were challenged by our academic programs, our dynamic athletic and other co-curricular activities. You passed the grade, you defeated your opponents, and you excelled in your chosen activity. Congratulations, YOU made it!

Use your time well. Be open to new ideas and experiences. Your future is all around you. Choose a course of study that puts you on a path towards a career that works for you on all levels. Don't let anyone limit you. Be attentive to what your counselors or advisors have to say, but follow your own instincts and dreams. Your journey into and out of MSJ began with dreams. Your families, friends, and teachers had dreams for you and accepted the responsibility of making those dreams come true. Then, as you grew and matured, you challenged us to let you go, so that you could dream your own dreams and fulfill the responsibilities that are yours alone. Make your vacation your avocation. You have the confidence, resilience, energy, and humor to continue to dream and grow throughout your lives. Dreams cause people to struggle, to reach, to innovate, to create, to change. Dreams keep the world moving forward. They spur our growth, causing us to reach higher, run faster, and grow in mind and body. Follow your dreams, never let them die.

Your faith is God's greatest gift to you. Cherish it, nurture it, live it. My prayer for you is that when hardships and sadness come your way, you will lean on Christ to help you overcome them. For this is your true solace. Your faith will mature as you do. Keep open to it, and it will be there for you when you need it. You can't always control what happens in life, but you can always choose how you will react. Believe in yourself... and keep trying! Believe in your God, hold Him close to your heart and call on Him often.

You are all special and unique; what you contribute to this class and to the world nobody else can. Have a passion for life. Be people with integrity; be open and honest with yourself and other. Hold the love of parents, siblings, and family close to your heart; for they are your touch-stone.

You have blessed my life this past year, Thank You. God bless you, your families, this school, and all those who work so diligently and effectively to carry on the great traditions of Mount St. Joseph Academy. Hopefully, the spiritual and academic opportunities afforded you, will assist you in making good decisions for your future endeavors.

You are a blessing and your lives are priceless! Good Luck and enjoy life!

Sincerely,

Flying away
from the place I once knew
being afraid
of all that is new
I started with nothing
with nobody there
and I found everything
now that I'm here.
People who care
and people who don't
people who stare,
and people who won't
Never forget the time with me
the time I was here
and had the chance to see
How it is for you
to live your life
I had no clue
what this would be like
but now I know
that this is home
in the snow :)
and in the sun.
I saw, that "Hey, you're in a tower".
and Rocky Pond can make you sore
that everybody's "welcome to Epcot."
and if you bleed outta your nose, you do what?
All those things,
I'll always keep
in my heart
in this deep
pool of memories
of smile and of laughter
of family and friends
of snow and of drama
I had so much fun
and I'll never regret it
Thank you guys
I'll never forget it!

Express Yourself

I think the best thing about being an exchange student is that I get to meet new groups of people. MSJ is really different from the school I went last year in the west coast. It is very interesting to compare the people of west coast and the people of the east coast. I am glad to be a part of MSJ school.

~Joseph Park~

I realized that we have to live for now because the time passes so fast. I've already been here two years. It was hard to be away from my family and friends. However, if I didn't come here, I never met my American family or my friends. Besides I learned English, I learned how to live with other people in this world. I learned how to stand by myself in this world. I thank to everyone- my family, my friends, and teachers here at MSJ. With you, Rutland, Vermont became my second home. I never forget it and I'll come back to see you all. Before I leave, I want to tell you is sly to the world. The world is a lot bigger than what you think, a lot interesting than you think.

~JiHei Chang~

Hey! My name is Christina Kim. I am from South Korea. I have only been here about two weeks so that I don't know so much about here, but I think that the town, Rutland, is very pretty and the school, MSJ, is cool. Compare to the other school that I went last year in New Zealand, it is a small school but I like it and people are very kind. I hope that I can meet lots of friends and hope that I can get used to this school soon. :)

~Christina Kim~

My experience at MSJ has been very good. The school here is very different to my school in Germany... for example the school here is much longer and we don't do sports everyday in Germany. That is why it took some time to get used to everything. MSJ is also much smaller and it was nice to know everybody and have small classes. On top of that it was a new experience for me to go to a Catholic School, especially because I am not Catholic and not used to pray that much. I really liked to have practice everyday and do sport in a team because we don't have any school teams in Germany.

~Marie-Sophie Vospeter~

It has been two years and half spending my teen life in America. I can't believe that my junior year is almost over. Everything has gone very fast. It has been great and I am still having unforgettable times in U.S. (in VT!). It is wonderful thing to be accepted in MSJ community and I have learned a lot of things at MSJ. Well... I have a lot of things to write in this paper but I can't just write all of this stuff down in just one paper!! Anyway, I really would like to thank the Woodard and Prior families. Mr. and Mrs. Woodard were always there for me and they helped me with my English a lot. They also taught me how to talk to people on the phone. It was a great experience I have ever had. Thanks for everything what you have done for me!! Greg was my first American big brother and Greg! I won't forget all the good experience we had together and especially at lake!!!! Mr. and Mrs. Prior were also always there for me and anytime I had a very hard time or had a bad day, they always made me laugh and I had a lot of fun with them. Chris! You are awesome and funny American brother! You know better what you have done for me, right? I also want to thank my family in South Korea for all their support and having me gets all of these great experiences. If they weren't there for me, I would not be here today. Thanks for all MSJ faculties' members. You have taught me a lot and given me a good experience in American style of study. Thanks all of my American friends to being such good friends always. I won't forget you guys forever!! I will miss you guys a lot when I go back to Korea during summer. Love You All!!!

"Poor Little Lambs"

Mount Saint Joseph's spring production of Poor Little Lambs was taken from the small stage to a much larger setting. Along with Rutland and Mill River High school, MSJ had the pleasure of performing at the Paramount Theatre. In addition to the experience of a large stage the students gained, the purpose of this "Evening of one Act Plays" was to benefit another cause. The proceeds of the shows went to benefit Paramount's High school subsidy fund for future performances.

Director's Note:
Sometimes it is important to gather together simply to laugh. We present to you today two such opportunities. We hope you enjoy the chance to chortle at a modern satire on corporate life and the silliness of an old fairy tale told with a twist. Thanks to the zany cast and crew for bringing us such fun!

YOUNG PLAYWRIGHTS

The Vermont Young Playwrights program has been around for over ten years. MSJ has participated for eight of those years. This has given our students a chance to work with a professional playwright in two workshop sessions here at our school. All of the MSJ plays will be cast, directed, and performed here on our stage by students in the spring. About half of the writers of all the plays were from Ms. Fuller's creative writing class, and the other writers come from interested students of all grades and all levels of theatre experience. This year Middlebury playwright was Dana Yeaton, he is working with a group of eleven students. During the time period of November 1st and March 1st, these students will have to communicate with him. By March 1st, the best three scripts will be submitted to the Young Playwrights Festival. One of those plays will be featured at the May event, with professional actors performing the student's play on stage at the Royal Tyler Theatre. A second MSJ play will be given a "cold reading" by professional actors, and a third will receive honorable mention.

Project Help

"An MSJ Tradition"

For the past thirty-two years, MSJ has organized Project Help. Project Help is an event that provides Christmas baskets to approximately two hundred needy families in the Rutland area. This year, students collected 6,182 pounds of food from the Rutland Community for these baskets. In addition, some of MSJ's students worked at the food bank in Barre sorting and packing six hundred boxes of food to be distributed to food banks throughout Vermont. This amounted to 21,000 pounds of food sorted and packed in Barre.

You are...
determination manifested.
Filled with grace, intelligence and integrity.
A source of hope and inspiration.
Simply beautiful.
You are...
your father's amazing daughter.

We love you and are very proud of you,
Mom and T. J.

Congratulations to you and the MSJ Class of 2004!

As it comes to an end

As I sit here in class,
I observe my friends
And look forward to the year
Coming to an end.

It's gonna be sad
To say good-bye.
I'll miss everyone.
I know I will cry.

I remember the day
When I came back
To be with my friends
And to get on the right track.

We had so many moments,
Some bad. Most great.
I'll always remember the love
And erase the hate.

I don't wanna say good-bye
To all my friends.
I don't want this year
To come to an end....

# Graduation Is a Time

Graduation is a time  
For feeling very proud,  
For thinking lots of lovely thoughts  
And saying them out loud.

It's a time for feeling love  
About to overflow,  
And just before it leaps its banks,  
To let the loved one know.

And so we're very proud of you  
For being who you are,  
For making something of yourself,  
For making it this far.

We're proud because we are part  
Of everything you do.

This time's the time to say how much  
Love we have for you.

Nicole,

We are very proud of you. We can't believe this day has come so soon. We wish you success and happiness in your life. We will always be there for you! Good luck in college and keep up the good work.

Love,  
Mom & Dad  
XOXOXO

## STEPHEN AMMATUNA - "TUNA #28"

It all began, April 24<sup>th</sup>, 1986. God sent a blonde-haired little boy to San Mateo, California. You grew to be the happiest little boy and always sang the following tune as you played: (written by June Taylor)

Twinkle, twinkle, little star,  
How I wonder what you are.  
Up above the world so high,  
Like a diamond in the sky.  
Twinkle, twinkle, little star,  
How I wonder what you are!

When the blazing sun is gone,  
When he nothing shines upon,  
Then you show your little light,  
Twinkle, twinkle, all the night.  
Twinkle, twinkle, little star,  
How I wonder what you are!

Then the traveler in the dark  
Thanks you for your tiny spark;  
He could not see which way to go,  
If you did not twinkle so.  
Twinkle, twinkle, little star,  
How I wonder what you are!

You have been a "twinkle in my eye" ever since, and through it all: soccer, chorus, drama, baseball, football, bowling, archery, lacrosse, chess, hockey, puzzles, traveling, swimming, snowboarding, video games, cell phones, Greek/Roman mythology, rock climbing, and cars, cars, cars.....then you became a US Army Reserve Soldier! How much prouder can I be?

Here is "My Wish for You" (written by: Kate Watkins Furman)

I wish you all life's happiness and every lovely thing, with days of golden sunshine and with years of endless Spring. I wish you love abundantly, that never seems to cease; your daytimes filled with laughter and your nights with gentle peace. To never feel the pain of want, to have the best of health; may sorrow never cross your door, your purse be great with wealth. But most of all I wish you this, the greatest wish there is, that God will ever bless you and will ever call you His!

Congratulations to you on your High School graduation and may you always live by the Army values of loyalty, duty, respect, selfless service, honor, integrity, and personal courage.....

Good luck at AIT and in your college career.....Love, Mom
